STATINTL
1. Mr. Christie, of the Subcommittee on Labor Management Relations of the
Senate Labor Committee, called to ask whether it was correct that Mr. [REDACTED] of
25X1A CIA had rejected Mr. [REDACTED] of Falls Church, Va. on the ground that he was
25X1A a [REDACTED] and that CIA did not employ aliens. I told him that this was
basically correct except in certain types of positions.
